Nevada Employees Financial Education Days

National Save For Retirement Week is being held this year during October 20-26. This is a national event, congressionally endorsed, encouraging employees to take advantage of their employer retirement savings plans.

For the seventh time, the NDC will be holding a series of workshops and in addition to NDC, MassMutual, ING, NVPERS, Social Security Administration, Secretary of State's Office and College Savings programs have been invited to discuss their programs. You will learn important information about your retirement plans, ways to save money for your children and grandchildren's college education, the Living Will Lockbox and other important information.

PLEASE NOTE: The Governor's Office has authorized three hours of administrative leave for state workers to attend these workshops! Please coordinate with your supervisor to ensure appropriate coverage in your department.

There will be one session each morning from approximately 9 am to noon and in the afternoon from 1-4 pm. Both sessions will cover the same topics so you can plan to attend the sessions that interest you at the time most convenient for you. There will be vendor tables where you can collect information and ask specific questions of representatives.

The Carson City and Las Vegas sessions will be broadcast over the internet. Go to <http://www.leg.state.nv.us/> and click on "Calendar of Meetings" in the upper right to watch online.

There is no need to RSVP for these sessions.
